

National Inclusion Week 23 to 29 September 2024

What is National Inclusion Week?

As we embark upon celebrating National Inclusion Week, we reaffirm our commitment to fostering an inclusive working environment where everyone feels included, valued and empowered.

The week serves as a reminder of the importance of Equity, Diversity, Inclusion and Belonging in the workplace and the contribution these make towards our success.

Together, we will engage in activities and discussions that highlight the significance of inclusivity, promote understanding and inspire us to embrace the unique perspectives that each team member brings to our schools and organisations.

Let us work together to create a culture that celebrates difference and ensures that equality is at the heart of everything we do.

Andrea Mendonca
Workforce Equality, Diversity and Inclusion Lead
City of Bradford Metropolitan District Council
